

# Project Management

**DENTON CLARK**  
— BUILDING SURVEYING —

## Monument Place, Farndon Commercial Development

Monument Place is an excellent example of development and diversification of a commercial estate managed by Denton Clark. Our Building Surveying team project managed the procurement and construction of a 1000 m<sup>2</sup> commercial unit on a brown-field site.

This multi-phased project began in April 2006 with the construction of production and office facilities overseen by the Building Surveying team, enabling the tenants to significantly expand their business.

Our Building Surveyors provided a full Project Management service including:-

- Planning advice, liaison and negotiation
- Cost planning
- Concept and detailed design
- Project Management
- Leading the Design Team
- Client's Agent

Later phases of the scheme involve expansion of the site with the addition of a 1000 m<sup>2</sup>, six unit building and further long-term developments plans.
